

Getxo Organising Committee – Additional Q&A V1

1. Can partners (eg husband / wife) of pullers travel with them and if so will they form part of the same bubble and be in the same hotel, same meals, transport etc?

Yes, they can be part of the bubble, but once they are in the bubble they must remain in the bubble until the end of the competition.

2. Will people be able to arrive on the Monday and stay Monday night too (at extra cost)? If so what would the additional cost be?

People can arrive on Monday without any problem. The extra cost depends on whether lunch or dinner is required. To consult prices and make reservations contact the organisers at: info@sokatiramundiala.com

3. Will Saunas be available for use in the hotel or booked elsewhere?

No. None of the hotels have a sauna. It is also not possible to book sauna's outside of the hotel. Reasons for this:

- Few hotels in Bilbao offer this service and in those that do the sauna service remains closed due to the pandemic.
- The sauna offer outside the hotels is limited to gyms, and most of them have the service closed. In this case we could not guarantee the service to all the teams that wish to use it.
- Leaving the official hotel would mean breaking the bubble.

4. While recognising the need to prevent 'crowding' at the weigh-in will the weigh-in still start at 7.30 am and been done in a timely manner? Will teams be able to book a slot on a first come first served basis?

The start time for the weigh-in on Wednesday has not been set as yet. It will depend on the number of delegations in each hotel and the number of officials available. Weigh-in times and the method of scheduling with each bubble will be established in consultation with TWIF Exco.

5. Some pullers will be travelling by car(s), not flying and will arrive at the hotel in their own transport. Will they be able to continue to use their own transport as some will have a large amount of equipment for the pullers?

Once they are integrated into the bubble they must use the bubble transport. They are not allowed to use their own transport until they leave the bubble.

6. Will hotel rooms have a bath (not just a shower)?

Most of the rooms in the official hotels have a shower. If you wish to have a bath, you will have to request it to the official accommodation agency at the time of booking at info@sokatiramundiala.com. It will be subject to availability.
