30th March 2022

To: all TWIF members

Dear sporters,

We have been looking forward to it for several years, but now it is finally here: World Championship Outdoors Tug of War in the Netherlands and it is in sight! We can't wait to welcome everyone to beautiful Holten.

The World Championship will take place from 15th September 2022 until 18th September 2022. On the 15th September the club championships take place and on the 17th and 18th September the country competitions follow.

The organization offers a full package to competitors: accreditations, accommodation and catering. Overnight stays are available in the area around the competition grounds and a special team of caterers will provide delicious meals on the grounds.

We invite you to accredit via <http://tugofwar-twif.org/>. After that the contact person will receive an invitation to request the personal accommodation and catering. You may inform us in advance how many persons can be expected via info@tugofwarholten.nl. Book prior to May 1, and make use of the early booking discount.

Further information about the World Championship in Holten can be found on our website www.tugofwarholten.nl. Follow also our Social Media: @tugofwarholten.

We hope to welcome many sporters and supporters in Holten in September 2022.

Kind regards,

Organization World Championship Tug of War
